

Mrs. Moughton's Sun Times

Halloween Party/Parade

A great big thank you to all the parents that contributed to our party!! We had a great time! I told the kids the next morning that I was so proud of them! That was definitely one of the calmest parties in history! We appreciate all of you that could make it as well!

Conferences

I will be meeting with half of you this week, and the other half next week! Please know I try my absolute best to stay on schedule, but I need your help with that too! 15 minutes goes by very quickly when we're talking about all the great things going on here at school! Please know I can always answer additional questions through email if we feel like we didn't get enough time together!

Week in a Nutshell

Reading/Writing: LOTS of assessing this week!

Math— We've continued our work with place value this week, along with comparing numbers.

Science— We took our end of unit assessment this week. We will be switching gears to Social Studies next week.

7 Habits— We transitioned to Habit 2—Begin With the End in Mind. This is perfect timing as we look at our data from testing and set goals for where we'd like to be by the end of the year. We're working hard to track our growth—especially in the area of reading.
