

# Mrs. Moughton's Sun Times

---

## SeeSaw

Your child set up a seesaw account this week! This is a great way for your child to show you the great work they're doing here at school. Many of our assessments will be stored in leader binders and shown to you at conferences, but this is a great way for your to see work right away. Your child can post pictures and record or type comments. You'll be able to comment back and also have conversations at home about the great things you see. They posted an introduction picture yesterday and we'll post math assessments next week. Please look for the sheet coming home today for you to connect to the account and download the app to your phone. Thanks so much!

October 9th

PTSO Fall Festival—  
Oct 13

Halloween Parade &  
Party—Oct 31

Mark Your Calendars  
for the 2nd Grade  
Music Program—  
December 12th at  
7pm at the PAC

## Week in a Nutshell

Reading: We've been reading an informational text called Friends Around the World. We've been looking for the main idea of paragraphs and then the supporting details.

Math— We've started our Place Value unit this week. Some of our work may look interesting that came home this week! The students grouped straws into tens and hundreds, so we're drawing the models of the straws we're using in class.

Science— We tracked the path of a raindrop this week.

7 Habits—We've started talking more in depth about Habit 1—Be Proactive. We're really working hard on reminding kids about they're circle of control and that each person is in charge of the choices they make.
